

## Words from Our Mayor

As I sit down to write this column, September has come and gone and now Fall has officially started. As the days get shorter, the leaves start falling and the morning walks have a chill in the air, we know that winter is just around the corner.

As our construction season draws to a close for the year, Public Works has managed to complete a lot of the budgeted projects. Council and administration will continue to lobby the province for additional grant money. A lot of our underground pipes be it water or sewer, are old and need replacing.

As everyone knows there are issues with the swimming pool. Though the town does help the group, we are not the owners of this facility. Decisions regarding this facility will be done by the group that oversees it.

Now for some good news! The restoration of the arena is set to be completed on time and on budget. Till next time, stay safe and please follow the health guidelines so that Covid-19 does not shut us down again.

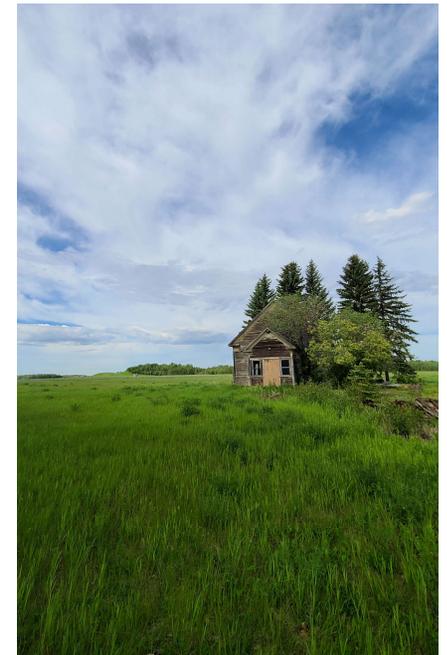

### NO October Events

Please note **outdoor gatherings** are allowed with a **maximum of 150 participants** all respecting social distancing restrictions

**yard waste before disposal**

COVID-19 INFORMATION

# HELP PREVENT THE SPREAD

Prevention starts with awareness. Be informed on how you can protect yourself and others from novel coronavirus:

- Self-isolate if you're feeling sick
- Wash your hands frequently
- Cover coughs and sneezes
- Avoid touching your face

Concerns about your health?

## Wipes Clog Pipes!

Place these items in the **TRASH** and **NOT** the toilet:

- Disinfecting wipes
- Paper towels
- Baby wipes
- Towelettes
- Mop refills

## Please Don't Flush ANY type of Wipe Down the Toilet!

The label might say, "flushable," "disposable," "sewer and septic safe," or "biodegradable." The wipe size might be smaller. It makes no difference, because wipes can still clog your toilets and possibly cause a sewer backup into your home.

Trash and debris block our wastewater pumps and valves. An item might say "biodegradable" but it may block your sewer line before it has time to disintegrate. Our staff has to open the valves and remove the trash by hand.

Your efforts will help keep our wastewater system running smoothly and reduce maintenance costs.

Thank you!

Please note the  
**Trick r' Treating**  
hours are 4-7 PM
