

# Town Of Two Hills

Dear Town Residents:

## Tree Trimming Heights

The Town would like to notify everyone trees and shrubs should be no less than 7.5 ft. over sidewalks and 13.5ft. over a road or alley as per Traffic Bylaw #2010-889. This alleviates any damages to Public Works equipment or the garbage truck, or personal vehicles. Any trees left untrimmed after August 31, 2016 may be subject to costs related to work being completed.

## Development Permits

This is a gentle reminder that Town residents planning on making structural changes or building an addition onto a house or other structure, such as a deck, shed or garage, must have a development permit from the Town. Questions or concerns regarding development permits are to be directed to the Town Office.
